

System Architecture

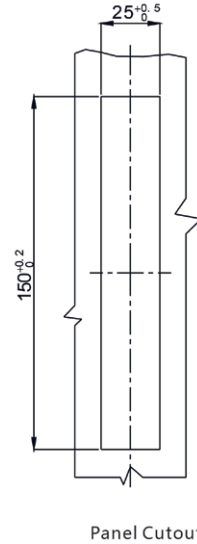

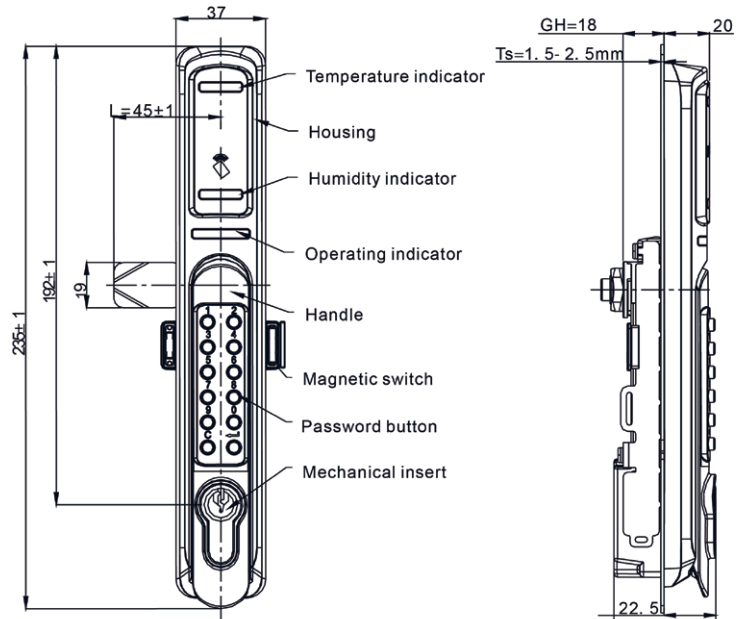

IoT / Electronically Locking Swinghandle 1507

IP54

ELECTRONIC SWINGHANDLES

Zinc die black powder coated housing, polyamide handle and zinc plated cam. Rated voltage: DC12V or 5V. Rated current: 100MA.

Note

1. The cam needs to be ordered separately, with non-stopper cam.
2. For IC card version, card needs to be ordered separately.
3. The lock includes 2M wire.
4. Suitable for indoor, especially for data centre.

For more details, please contact our sales team on +44(0)1604 499 332 or email: sales@metrol.com.

1. 1507-126-20

Mechanical key + remote control.

2. 1507-126-20.TH

Mechanical key + remote control including temperature and humidity sensor.

3. 1507-1216-20

Mechanical key + remote control + keypad for password.

4. 1507-1216-20.TH

Mechanical key + remote control + keypad for password including temperature and humidity sensor.

5. 1507-1226-20

Mechanical key + Remote Control + IC card.

6. 1507-1226-20.TH

Mechanical key + remote control + IC card including temperature and humidity sensor.

7. 1507-1326-20

Mechanical key + remote control + bluetooth (QR code scan).

For more details, please contact our sales team on +44(0)1604 499 332 or email: sales@metrol.com.

IoT / Electronically Locking Swinghandle 1507

8. 1507-1236-20

Mechanical key + remote
Control + bluetooth(QR code scan)
including temperature and humidity sensor.

9. 1507-1246-20.TH

Mechanical key + remote control + finger print.

10. 1507-1246-20.TH

Mechanical key + remote control + finger print
including temperature and humidity sensor.

11. 1507-12126-20.TH

Mechanical key + remote control + keypad
password + IC card.

12. 1507-12126-20.TH

Mechanical key + remote control + keypad
password + IC card including temperature
and humidity sensor.

13. 1507-12346-20

Mechanical key + remote control + finger print
+ bluetooth (QR code scan).

14. 1507-12346-20.TH

Mechanical key + remote control + finger
print + bluetooth (QR code scan) including
temperature and humidity sensor.
